

# PurCotton

## 100% Cotton Nonwoven Cleanroom Wiper

### ▶ 60GSM Plain Deionized

Purcotton is an environmentally friendly cotton nonwoven fabric that is 100% biodegradable and renewable. It is made from 100% natural fiber that contains no binders or additives, and it is manufactured by a proprietary process for low fiber release and high strength. It can be used in critical pharmaceutical, medical device, and semiconductor applications where absorbency and softness are required.

#### Key Attributes

- 100% cotton non-woven
- Manufactured by a proprietary process for low fiber release and high strength
- No binders or other additives
- Low ionic contamination

#### Benefits

- Excellent strength
- Heat resistant
- Highly absorbent and durable
- Extremely soft
- Resists build up of static charge

#### Environmental

- Light weight, high absorbency design reduces landfill waste impact when compared to more traditional heavier weight products
- 100% biodegradable and renewable

#### Applications

- Cleaning high temperature production equipment and diffusion furnaces
- Absorbent, low linting work surface material
- Removing aqueous and solvent spills
- Critical industrial applications where absorbency and softness are critical
- Cleaning of support/less critical areas and manufacturing processes in regulated environments
- Wiping of optics and other sensitive surfaces
